

K-LOVE has really impacted my life. It is so wonderful to turn on the radio and be able to listen to something that is so encouraging. I believe that the community will be greatly effected if K-LOVE is taken off of the radio. All of our other radio stations are full of commercials and talk shows and K-LOVE plays great encouraging music all the time. I believe K-LOVE is in the public's interest because it allows us to listen to something uplifting and CLEAN instead of the grossness you hear all the time on public radio. Please keep K-LOVE on the air!
